COMMITTEE CALLS MASS CONVENTION

To Choose Delegates and Nominate for Legislature

Vacancies on County Committee Filled and Routine Matters Are Attended To.

DELEGATES TO CONVENTION.

Official call for a mass convention of the county at the court house Saturday afternoon, June 15, at 1:30 o'clock to select delegates from McCracken county to the state Republican convention and to nominate a candidate for the legislature, was made by the Republican county committee, which met in The Sun office last night. This county is entitled to 24 delegates to the Republican state convention. In the absence of Chairman Frank Boyd, who was detained last night, Capt. J. E. William son, Sr., was unanimously chosen to preside. Some 25 committeemen were present, and the local situation was discussed informally, but there was no business before the county convention, other than calling the mass convention.

Two vacancies on the county executive committee were filled last night. L. C. Eley was elected for the Massac precinct to succeed Dr. L. G. Graham, who moved out. Mr. James Hart was chosen for the Florence Station precinct to succeed Dr. Adams, who moved away.

The State Convention.

There will be 2,055 delegates in the state convention, of which number Jefferson county (including Louisville) furnishes the largest number, 217. McCracken county leads the First district in the number of delegates and the 140 votes from the First congressional district may cut considerable figure in the convention. The votes in this district are apportioned as follows: Ballard, 6; Caldwell, 14; Calloway, 8; Carlisle, 5; Crittenden, 17; Fulton, 6; Graves, 16; Hickman, 7; McCracken, 24; Livingston, 8; Lyon, 7; Marshall, 9; Trigg, 13.

The Jefferson county delegation will go to Hon. Augustus E. Wilson, starting him off with the largest single delegation toward the necessary number of votes, 1,028. It is believed that when the situation is canvassed preceding the convention, Mr. Wilson will be seen to have such an overwhelming majority that all receptive candidates will release their delegations.

McCracken county will have Captain Ed Farley as a candidate for state treasurer, and it is certain he will take all of western Kentucky with him.

HOUSES TOTTER OVER WHEAT PIT

Chicago, May 14.—Wheat opened this morning wild, and unsettled with frequent predictions that some large firms would announce assignments. One broker caught short by yesterday's call on margins at 10 per cent was forced to buy a half million bushels on market. The greatest excitement prevails. Reports abound of big houses tottering.

CARBONDALE COAL AND COKE COMPANY ELECTS

Directors of the Carbondale Coal and Coke company, of Hopkins county, held the annual election of officers in the parlors of the Palmer House this afternoon at 1 o'clock. Before the election of officers, the directors for the next year were elected. They are: Samuel McElPatrick, Princeton; Benjamin F. Elmhiser, New York; William Marble F. W. Katterjohn, Brack Owen and J. A. Bauer of Paducah. Officers were elected as follows: F. W. Katterjohn, president; Brack Owen, general manager and treasurer; Samuel McElPatrick, secretary.

Iowa Newspaper Man Dead. Milwaukee, Wis., May 14.—M. S. Fairall, for many years a well known newspaper man of Iowa and Wisconsin and secretary of the Northern Wisconsin Farmers' Association died today at the Davidson hotel after a week's illness. The body will be removed to Iowa city, Iowa, the former home of the deceased.

WEATHER FORECAST.

COLDER.

Thunder showers this afternoon and tonight with colder west portion. Wednesday clearing and colder. Highest temperature yesterday, 81; lowest today, 65.

GRAIN MARKET.

Cincinnati, May 14.—Wheat, 94; corn, 56½; oats, 46.

MABEL'S COST.

New York, May 14.—It cost W. E. Corey over four million dollars to marry Mabel Gillman. This includes settlement with his first wife for three millions and with his mother for \$300,000. The wedding supper cost \$5,000. The clergyman's fee was a thousand, and it is estimated the honeymoon trip abroad will cost \$200,000.

LIGHT SNOW.

Lincoln, Neb., May 14.—Snow fell today over a great portion of eastern Nebraska with indications of continuing during the day. This will benefit the wheat crop.

SYMPATHY STRIKE.

New York, May 14.—Six hundred grain elevator employees quit work today in sympathetic strike to support the longshoremen. Defection of these men has utterly crippled the grain shipping business.

SCHOOLMASTER.

Cleveland, May 14.—Schoolmaster Laub, of Strasburg, O., indicted for sending naughty letters to girl pupils, was found guilty in the federal court today. Application was made for a new trial.

GOOD DOPE.

Los Angeles, May 14.—Philadelphia Jack O'Brien has quit the ring for good. He is all broken up over the scandal in connection with the recent battle with Tommy Burns. He realizes that no fight promoter will want his services now. He told a friend he never will fight again.

ROBBED.

Denver, May 14.—When Mr. Charles Rathery and his wife returned from the theater last night they were bound and gagged by burglars in waiting, and robbed of \$800 and diamonds.

SUBMARINE TESTS.

Newport, R. I., May 14.—Test of sub-marines continued today with further maneuvers by the Octopus, which yesterday gave such convincing proof of the endurance of its storage batteries for submerged cruising.

RICE CROP.

Washington, D. C., May 14.—Considerable anxiety is felt by the department of agriculture over the rice crop in the southern states. In some instances re-seeding will be necessary.

KING'S LIFE.

Rome, May 14.—Official investigation was begun today into the bomb explosion at Ponte Lascuro yesterday, which it is believed was due to a plot against the life of King Victor Emanuel. The train on which the king was a passenger was due in the city just four minutes after the explosion occurred. A man is under arrest charged with having the bomb in his possession.

HAVANA STRIKE.

Havana, May 14.—Steamship lines here are threatened with a strike similar to that, which has caused a tie up of shipping in New York harbor. All longshoremen employed on the docks have threatened to quit work, alleging the companies have failed to comply with the rate agreement.

DOCTORS MEET IN COUNCIL CHAMBER

Mayor Yeiser Welcomes Them in Warm Words

Dr. S. D. Reynolds, of Louisville, Responds for Southwestern Kentucky Association.

THE BUSINESS SESSION OPENS.

Physicians were late in arriving at the city hall, where the sessions of the Southwestern Kentucky Medical Association are being held, and it was half past ten when President E. B. Shelton called the association to order in the council chamber.

After the invocation had been delivered by the Rev. W. T. Bolling, Mayor D. A. Yeiser was called to the floor and in a few words, welcomed the delegates to Paducah.

"It has been my pleasure before to welcome this organization to Paducah," said Mayor Yeiser, "and I feel that your work here and your interchange of ideas is beneficial, not alone to you physicians but to the public generally."

In his response to the welcome Dr. S. D. Reynolds, of Louisville, said: "This is a more representative body than is usually found at a district meeting. It must mean that the intellectual development of southwestern Kentucky is keeping pace with her commercial and industrial advances. Our work here is not only a reflection of sectional development, but of the state and in no small measure of the world; for I believe

VESSEL SAILING OUT OF THIS PORT

Schooner Rigged Sloop Being Constructed Here to Enter Fruit Carrying Trade With the West Indies

DESCRIPTION OF THE BOAT.

While St. Louis and other Mississippi river cities are agitating a through steamboat line to the Gulf, Paducah actually will have a sail ship line without change direct to Havana, Cuba and other south sea points. The keel was laid for a sail ship at the dry docks this morning, which when completed, will run from Paducah to West Indian Island points in the fruit trade. This ship which will have a capacity of 45 tons, is being built for Charles Briggmeyer, a practical sailor who has been living in Paducah for a year.

Briggmeyer, before he came to the inland rivers, worked all his life as a sailor on Atlantic liners and coastwise sailing vessels. That he has a thorough knowledge of the sail ship is proven by a hand-made model of his shown for the last two weeks in Wallerstein's windows. It is a full-rigged sail ship. His purpose is to run this sail-schooner from Paducah to the West Indies after shells to be sold in curio stores, and fruit. It will require four men to run the boat and Briggmeyer has the agreement of three sailors now on ocean liners, to come to Paducah to join him when their contracts expire.

The boat will be 45 feet long. It will be 5 1-2 feet deep at the head, 5 feet at the middle and 5 1-2 feet deep at the stern. A cabin 2 1-2 feet higher than the boat will be built. The main mast will be 32 feet high and 1,025 yards of canvas will be used in the sails. It will be sloop built and schooner rigged.

The boat will be completed within 60 days and he expects to leave on the first trip August 1. She will go direct from Paducah to Kingston, Jamaica on the first trip, after a cargo of fancy shells. Four months will be required to make the round trip. The boat of course can do little passenger carrying with the crew of four to accommodate, but an amount of freight equivalent to a large freight car can be carried. He has not made any contract yet with Paducah commission merchants to bring fruit but expects to make that part of his business. Importing rare sea shells will be the main object of the venture.

Congressman John Dalzell on River From Pittsburg on Way Down to New Orleans

Studying Conditions of Inland Waterways for Future Reference But Declines to be Seen by Reporters

FAIRBANKS MAY COME

Congressman John Dalzell, of Pittsburg, a conspicuous Republican member of the lower house, arrived in the city this morning at 7:30 o'clock on the steamer Clara Ramos. With Congressman Dalzell are Mrs. Dalzell and a pleasure party of eleven persons from Pittsburg and New York. The Clara Ramos was built in Pittsburg for the Valenzuela line of steamers, running between the ports of Frontera and Laguna and the city of San Juan Bautista, Tabasco, Mexico. The steamer is on its way to Mexico and the pleasure party was arranged by the builders, James Reese & Sons company, Pittsburg. They will leave the steamer at New Orleans.

In the party with Congressman Dalzell and Mrs. Dalzell are Captain Thomas Reese, in command; Miss Marsh Reese and Mrs. Reese; Mrs. J. D. Ayres, Mrs. David Reese, Mrs. James I. Reese, Mrs. G. A. Supplee, Mrs. G. S. Jones, Miss Ella Caskey, W. H. Duff, and Mr. and Mrs. Darkin, of New York. Mr. Darkin represents Thebaud Bros., large importers and exporters. The Clara Ramos remained here until noon, when the trip to New Orleans was resumed.

Is Taking Notes.

Congressman Dalzell would not be interviewed this morning, but in view of the great leap in national interest the inland waterways have taken in the last year, and the conspicuous place the subject will occupy in the next congress, it is understood that he is observant of conditions on this trip down the Ohio and Mississippi rivers. Ostensibly the trip is being taken for his health.

As a steamboat the Clara Ramos was interesting to the river men at the wharf this morning. There is only one smokestack, the hull is steel, and the draft is light. Being built for the hot Mexican climate the steamer presents several oddities. There was not a glass window on the boat, screens being the only covering of the windows. The party has found this airiness extremely uncomfortable lately, as the weather has been cold. The cabin is built of cedar sent up to Pittsburg from Mexico by the owners. Part of the trade to be run in by the Clara Ramos calls for a gulf voyage and the steamer was built with an eye to

that need. The boat is owned by the Tennessee river as the Chattanooga business men who are engineering the trip desire that the possibilities of river traffic be fully shown.

Capt. Thomas Reese of the builders, is in command; Jim Peil, pilot; John McDonough, head mate; Thos. Duffy, chief engineer, and Albert Garred, second engineer. The electrical apparatus broke down last night as the cabin passengers were going to bed, and the lights did not come on until this morning. Several of the gentlemen went to bed half shaved and all had to grope in the dark during the rest of their undressing.

Fairbanks Coming.

Vice-President Charles W. Fairbanks probably will visit Paducah in June. With a distinguished party he will leave Chattanooga June 5 on the steamer Chattanooga for a trip down the Tennessee river. It is thought that the vice-president will come all the way to the mouth of

the Tennessee river as the Chattanooga business men who are engineering the trip desire that the possibilities of river traffic be fully shown. John A. Patton, of the Chattanooga Packet company, has arranged the trip for Vice-President Fairbanks, and the steamer Chattanooga is being repaired and painted here particularly for use in carrying the party down the river. The shallow places in the Tennessee river will receive especial attention on this trip. On all the rivers, now and through out the summer, the interest being taken by members of congress and other government officials will be great, judging from present indications. President Roosevelt is being pressed to take the trip down the Mississippi river, and it is probable that much attention will be given to the project of all-the-year-round stages, in the next congress.

ARMY WORMS ARE RUINING FARMS

March in "Battalion Front" Across Fields Leaving Them Seared as if Prairie Fire Had Swept Them

FISH GORGING THEMSELVES.

Sherman's march to the sea in the Civil war hardly cleaned the country more than the dread army worms which are sweeping over parts of McCracken county. Colonel Bud Dale, of the New Richmond House went to the country fishing yesterday on the farm of J. K. Lemon near Lamont and found the worms literally by the millions and wherever they had been, not a sprig of anything green was left. These worms move in a regular line, hence their name of "army" worms. They were swarming up the sides of the creek into the pasture and thousands fell back into the water. The fish in the creek gorged themselves on the worms and every one caught had even its mouth filled. Most of Mr. Lemon's pasture is as green and fine as could be pictured, but the part that had been covered by the army worms was as if a fire had swept over it. The only way to stop the destruction of the worms is to dig a trench in front of their line of march and when they fall into it, run over it with a harrow burying them. Every effort is being made to stop this pest, which with the unseasonable weather is giving the farmers cause for worry about next year's crops.

FOUR LICENSES ISSUED TO PREACH

Mt. Carmel District Meeting of Southern Illinois Conference, Methodist Church, Begins Its Sessions.

MISSIONARY MEETING TODAY.

Metropolis, May 14.—(Special)—Opening with a sermon on "Christian Courtesy," by the Rev. Mr. Phillips, of Eldorado, the Mt. Carmel district meeting of the Southern Illinois conference of the Methodist church, got down to business this morning, and the delegates will be kept busy the rest of the week. This morning a class of ten undergraduates were examined and four were licensed to preach.

This afternoon at 3 o'clock a missionary meeting under the auspices of the Women's Foreign Missionary society is being held. Tonight at 7:30 o'clock the Rev. O. H. Clark will preach. Following that a sacramental service will be observed.

LITTLE PAIR OF BABY SOCKS MAKES HIT ON THE STAGE.

"A Little Pair of Baby Socks" is the title of a song written by Mr. Hal Walters, of Paducah, and critics say it is sure to make a hit. The music is by Mr. Raymond Ray, a composer of several hits, and the song is sung with success by Miss Allene Powers in "The Land of Nod."

MONEY SUPPLIES? NO, SAYS REFEREE

Just "Filthy Lucre" and No Lien at all Attached

Referee Bagby Makes Long Awaited Decision in Rehkopf Saddlery Company Case.

DECISIONS TO BE REVIEWED

Ruling that money in this particular case did not constitute "supplies", which would have given the American-German National bank a lien for \$19,000 advanced to E. Rehkopf, as president of the E. Rehkopf Saddlery company Referee in Bankruptcy E. W. Bagby this morning acted on a matter which had been hanging fire for some time.

The bank set up the plea that money advanced was really "supplies." In several admiralty cases, in which the referee had taken an important part, money had been construed as "supplies", and liens enforced by reasons of the decision; but Referee Bagby, after a lengthy deliberation, during which he reviewed much authority and heard much argument, decided in bankruptcy matters, not marine, the rule could not apply.

As to the objections filed by the trustee to \$25,000 worth of liens in the saddlery company case Referee Bagby issued an order overruling them. The referee held that the creditors did not have to file the liens in county court 60 days before the act of bankruptcy. Both decisions will be appealed, it is said.

In Other Cases.

Referee Bagby received the affirmation of his decision in the \$2,000 mortgage matter in E. Rehkopf bankruptcy case. Attorneys Campbell & Campbell and Crice & Ross held a mortgage on property sold, and Referee Bagby decided that the attorneys could not touch the proceeds of the sale, but would have to look to purchasers of the mortgaged property.

In the case of the Benton Mercantile company an order referring it to the referee, from Judge Evans, at Louisville, was received this morning. Referee Bagby will at once call for the filing of a schedule of debts and assets.

REHEARSALS ARE NOW ON FOR HIGH SCHOOL PLAY

Rehearsals are being held both afternoons and evenings by the cast in the play to be given by the members of the junior class of the High School Friday evening of this week. New wings for the stage are being made, and it will present a better appearance.

HIGH SCHOOL BASEBALL TEAM PLAYS METROPOLIS

Saturday the High school baseball team will go to Metropolis to play another game with the High school team there. The teams have played two games this season and the local boys have walked away with both. For the local High school the battery will be Fisher and Gallagher.

TO GET NEW FRONT TO CUSTOM HOUSE

Congressman Ollie James is in the city, and brings good news. "I have hopes of getting through the appropriation for the remodeling of the custom house," he said. "This includes making the Broadway side the front of the building and putting in hardwood screens for the boxes." Congressman James was busy seeing local politicians during his stay. Mr. James is on his way to Memphis to join the waterways commission on its Mississippi trip.

Stock Policeman Kept Busy. Last night brought strenuous experiences to Stock Policeman Lycurgus Rice. He was called out at 11 o'clock to Twentieth and Jefferson streets and lassoed a cow, but did not know he was successful. The rope suddenly pulled out of his hands and the cow escaped. At 4 o'clock this morning he was called out the second time to Nineteenth and Clay streets and arrested four cows which were roaming at large.

HONDURAS AGAIN IN THROES OF WAR

This Time Over Succession of The Presidency

Nicaraguan Army Takes Field in Role of Peace Maker To Aid Somebody To Power.

OUT LOOKING FOR EACH OTHER

Puerto Cortez, May 7. (via New Orleans, May 14.)—War is again breaking out in Honduras, according to travelers arriving here from the interior. Fighting this time is between the same armies which took part in the conquest just completed, but with a new alignment of parties. The quarrel is over who shall be president.

Nicaraguans as well as Hondurans, comprise the present belligerents. This time however, Nicaraguans, instead of fighting as conquerors, are marching under the guise of peace makers their object being to support with arms one of the presidential aspirants.

Three Armies in Field. At the present two small armies are reported to be marching against Tegucigalpa, while a third has sailed out to meet them. General Sierra, leader of one of these armies is himself a presidential candidate. His army was organized at Amapala, and its exact whereabouts is now unknown.

The second attacking column is said to be led by General Herrera in command of 3,000 Nicaraguans. In opposition to these forces General Guistarez has marched from Tegucigalpa and is said to have stopped the Nicaraguan party at Nacome. Whether there was serious fighting has not been learned.

Paducahan Is In Trouble.

John Bulger, of Paducah, well known in police circles, is in jail at Huntingdon, Tenn., under a bond of \$250 for carrying concealed a deadly weapon. Bulger is one of the many arrested near Hollow Rock, Tenn., two Sundays ago for crap shooting at a Baptist foot washing. Bulger was given "skidoo" orders by Chief Collins, and rather than go to work is said to have accepted the order.

Mayfield Military.

Lewis Robbins has received a letter from Adjutant General Lawrence which stated that the new military company for Mayfield was an assured fact. The company will now be organized in the next few days so that the boys will be in good trim by the first of August, when they will go to the Jamestown exposition.—Mayfield Messenger.

A TRIED PRESCRIPTION.

A tried prescription, highly recommended by physicians for the relief of disorders of the kidneys and bladder, is compounded of 1/4 oz. Fluid Extract of Buchu, 1/4 oz. Fluid Extract of Uva Ursi, 1 oz. Amel Cordial, 1/4 oz. Fluid Extract of Liverwort and 15 ozs. water. A dose of a tablespoonful of this is taken three times a day, and the continued use of the medicine for one month is calculated to drive from the system all the impurities which cause the disease. While the treatment continues the patient should drink as much water as possible. The ingredients of the prescription are all obtainable at any first-class drug store.

The following reduced rates are announced:
Los Angeles, Cal.—Mystic Shrine and German Baptist Brethren, April 25th to May 18th. Round trip, \$60.50, limit July 31st.

Jamestown, Va.—Exposition, April 19th to November 30th—15 days; \$23.75. Coach excursions on special dates; \$18.00 every Tuesday; limit 10 days.

Richmond, Va., round trip \$16.80. Special train will leave Paducah about noon May 28, carrying through sleepers to Richmond, account Confederate reunion.

Louisville, Ky.—Account of Spring Meeting—Jockey Club—\$6.95 round trip, May 6; returning May 7; \$8.95 round trip, May 8, good returning June 9; May 6-11-13-22-23-29, June 1-5 and 8, limit two days.

BURGLARS

FRIGHTENED AWAY BEFORE THEY FINISH THEIR JOB.

Second Saloon Robbery Near Ninth Street and Kentucky Avenue in a Week.

Burglars fled from the Charles Graham saloon at Ninth street and Kentucky avenue, last night with a 32 caliber S. & W. pistol, after failing to break open the cash drawer. The proprietor believes that pedestrians frightened them away as they had all but succeeded in breaking into the cash register. One piece of brass fronting was removed and its marble top broken in several places. Entrance was effected through a rear window, the burglars prizing open the shutter, tearing the fastenings out of the wood. This is the second burglary of saloons in that vicinity in two weeks. C. E. Blackhall's saloon, a short distance down Ninth street was looted.

FLOWER BEDS

And Fresh Green Lawns Are Seen All Over the City. Landscape gardening in Paducah has become a habit, and every where pretty lawns are springing up as if by magic. Fences are being removed from around the humblest of residences, each neighbor striving to outdo the other. Florists state that flower sales this season have eclipsed any previous season. This morning work of planting on the Carnegie library lawn began, also, work on the postoffice yard flower beds.

Work is a great institution—when we can induce others to do it.

Protected by Law!

When we produced Toasted Corn Flakes, we knew that its flavor was right. We knew that it would hit the popular taste. We knew that it would be successful. We knew that its popularity would bring imitations. That is the history of every great success.

So to protect you and ourselves against fraudulent counterfeits we placed the signature of W. K. Kellogg on the package. This signature is protected by the law, while the name Toasted Corn Flakes is not.

As a consequence there are many "Corn Flakes" now on the market. The imitators have succeeded in copying most everything except the flavor. That is the exclusive possession of the genuine. The process by which this delicious flavor is produced is secret. It cannot be reproduced.

When you buy "Corn Flakes" you want the best. You want the kind with the taste—the kind that is always delightfully crispy and tender. You want the

THEATRICAL NOTES

Wallace Park Casino.

Tonight—"The Traveling Man." Local talent for benefit of Charity club and Humane society.

Opportunity to witness "The Traveling Man" at popular prices will be extended the public of Paducah to-night at Wallace park Casino, where the closing performance of Mr. Boyle Woolfolk's tuneful musical comedy will be given for the benefit of the Charity club and the Humane society. Many of those who witnessed the two performances at the Kentucky theater, will attend tonight. The entire production with cast, "pony ballet" chorus and everybody who participated, will be reproduced tonight.

A Good Laugh.

It was a small house but a merry one that witnessed the performance of "Charley's Aunt" at the Kentucky theater last night. Etienne Girardot, the original "Charley's Aunt," who has figured in a revival of the success of a decade ago in New York, is at the head of the company, which includes dainty little Lottie Alter, Sol Aiken, Frank Hollins, George LeGuere, Charles Seagrave, Paul Bourget, Nina Herbert, Pauline Nef and Helena Byrne, all farcuses of reputation. Not a bit of the freshness and snap of this ridiculous play has been lost by the lapse of time. This ends the season at the Kentucky, which has been a financial success, in spite of the fact that the season over the country has been something of a disaster.

U. C. V. SPECIAL TRAIN TO RICHMOND REUNION.

Leave Nashville Monday, May 27th, at 3 p. m. Over N., C. & O. L. Troop A and Company B, Confederate veterans, have selected the N., C. & St. L. railway and S. A. L. railway, via Atlanta, as their official route to the Richmond reunion, and

arrangements have been made for a special train of Pullman Standards and Tourist sleepers, comfortable day coaches and baggage car to run through to Richmond. The change in date of departure to the 27th was made so as to take in the Jamestown exposition before the reunion. Special train will arrive at Richmond Tuesday afternoon, and early Wednesday morning a day trip will be made down the James river passing Jamestown Island and many points of interest. Daily Thought.

If the opportunity for great deeds should never come, the opportunity for good deeds is renewed for you day by day.—Farrar.

EARLY CONVENTION.

"Early convention" is a relative term. The Paducah Democrats fixed their primary date six months before the election. The Kentucky Democrats held their primary a year before the election. Compared with a primary that might be held six years before a given election, either one of these would be considered a late primary. Compared with a primary held three months before an election, either of them would be considered an early primary. Republicans must not allow the dates adopted by the Democrats to deceive their sense of proportion. A primary must be held earlier than a convention, because of the bitterness entailed in public defeat and the open, hostile election methods employed by the factions in getting out their vote and winning voters from the other side.

Four months is plenty of time in which to canvass Paducah for votes. A convention in June is an early city convention, regardless of the fact that the Democrats held a primary in May. The Democrats can do nothing until the Republicans enter the contest. Democratic candidates have just finished one hand shaking tour. They will hardly traverse the same route right away. Those who voted for a candidate at the primary may be expected by that particular candidate to support him at the election. The candidates will not care to meet those, who voted against them, for a few months.

There is only one general principle to guide a party in selecting a convention date. That is to set the date as late as possible, allowing the party time to complete its organization and the candidates time to make the canvass.

There is nothing to be gained by subjecting the candidates to a long, tedious campaign, affording their enemies the longer time in which to encompass them with plots. The Democratic organization feels the force of this argument right now. Already the party organ has been called upon to defend its candidate for mayor against a "trend of affairs," which, to use its own words, "is to aid the Republican party in the polls, or to state it even more correctly, is to defeat Hon. Thomas B. Harrison no matter who is hurt or helped."

That trend of affairs was superinduced by the candidate himself, no doubt, under direction of the same organization that is managing his campaign, and that set the early date for the primary.

The Republicans of Paducah have thinks who can get along on a tax of eight or ten dollars.

and only precipitate action can rob them of it. Issues involving the personnel and associations of the Democratic mayoralty ticket will win the battle for the Republicans, if they wait until events have shaped these issues and clearly defined the situation, so that the right men for the emergency may be selected. The result of this campaign is not going to rest in the warmth of a handclasp, or be measured by a cyclometer. There are weightier matters than the personality of a popular campaigner before the people of Paducah this year. They want a man, not a politician—a man, whose candidacy represents something besides his own ambition and the ends of peculiar interests; whose incumbency will spell business stability and the protection of individual rights, the just enforcement of all municipal regulations, the upbuilding of Paducah on a sound basis.

The Democratic candidate for mayor made his primary campaign on the issue of ousting Chief of Police Collins, and has engaged in more than one personal altercation with Mayor Yelver over the prosecution of a Sunday closing case in the police court. If the Democratic city administration is of such a character, that a Democratic candidate may seek the nomination on a platform denouncing them, when he himself is backed by a political machine as complete as the one in power, what improvement may citizens expect from his managers?

Not only has the duty to produce a good man devolved upon the Republican party, but there also rests the duty of selecting delegates to the state convention at Louisville, who will assist in constructing a state ticket that represents the same healthy sentiment. A strong state ticket will aid the local ticket. A strong local ticket will aid the state ticket. The two are interdependent; but the two conventions should be made as distinct as possible. Just now we have on our hands a state convention. Let us dispose of that in order that there may be no conflicts, no compromising; that the delegates may go to the state convention unhampered to do what is best for the party; and then that the city convention may be as free to do the best for the party and for the city at the local convention.

QUESTION OF JUSTICE.

Our general council has before it a knotty question, involving justice toward two worthy officials and conscientious scruples concerning the use of the public funds, in the petition to reimburse the marketmaster and the sewer inspector for fees paid their attorneys in defending their rights to office against the suit instituted by the board of public works. In the first place, it is palpably unjust and a hardship for these two officials, not high salaried by any means, to be forced to pay out more than a month's wages to defend their titles. That much is clear, and if the councilmen and aldermen can harmonize a disposition to reimburse these officials, with the trust imposed on them, there should be no hesitancy in making the appropriation. If the right of the general council to elect these officials had been tested by a friendly suit entered by the city solicitor under instruction, the city would have borne the whole cost of the proceeding. It is probable that in putting an end to this source of bickering between the legislative and executive departments, the city has been benefited to an extent represented by the amount of the attorneys' fees. The marketmaster and sewer inspector were elected by the general council, according to the terms of the ordinance creating the offices and according to precedent. After this, and directly contrary to the legal opinion of the city attorney, the board of public works proceeded to appoint a marketmaster and sewer inspector, and instituted suit to test the right of the general council to make the appointments. The opinion of the city solicitor was upheld in both courts, and now the marketmaster and sewer inspector, who gave up whatever employment they had before their election, and undertook the discharge of their duties in good faith, are called upon to pay out part of their salaries in defense of their office, to which an ordinance, precedent, the city attorney and two courts all said they had the plain right. There is no graft in this. It is just a question of justice and fidelity.

Physicians Say He Has Rallied and Attorney Is Mum About Nature of Statement.

Mack McKinney made a dying statement yesterday afternoon to County Attorney Alben Barkley, which County Attorney Barkley will not divulge. He doubts if McKinney will die. Yesterday afternoon McKinney was reported slowly sinking, but his doctor thinks he will recover. Will Hamilton and Will Alexander, who are in jail, charged with cutting him, exhibit no anxiety over the outcome. They have made no statement of the affair since arrested.

INTERESTED IN RICE.

Are People On Special From Lancaster To Louisiana.

A special train with 97 passengers direct from New Orleans to Lancaster, Pa., arrived this morning on the regular time of No. 102 over the Illinois Central. The train of five cars was chartered by the Union Irrigation company of Lancaster, Pa., to convey people and the Irishdrunnu convey people interested in Louisiana rice. This company has secured the right of way for a canal to irrigate 1,500,000 acres. Twenty-five thousand acres are already irrigated. The rice fields are at Opelousa. So far \$400,000 have been invested. The trouble with rice cultivation heretofore in Louisiana has been the uncertainty of the water supply.

W. L. Mills, traveling passenger agent of the Illinois Central, was with the train.

TOO MUCH RAIN.

Drives Ben Boyd's Colored Team Back From the South.

Ben Boyd's colored baseball team has returned from the south routed by rain but Boyd expects shortly to take it up where he left off, and finish the tour. At Memphis three games were played, the Paducah team securing one. The first two games went to Memphis by a score of 3 to 1 and 8 to 1, respectively, but Boyd came back on the wind up and shot out the Giants by a score of 5 to 0. He went to Little Rock, but rain drove him back without a game. Boyd is considering an offer for two games the latter part of the week at Louisville.

If you have not already done so, get from any good pharmacy Fluid Extract Dandelion one-half ounce, Compound Kargon, one ounce, Compound Syrup Sarsaparilla three ounces. Mix by shaking well in a bottle and take for each dose one teaspoonful of the mixture after your meals and at bedtime; also drink plenty of water.

This is the most simple though remarkable prescription ever written to cleanse the blood of impurities and waste matter and now is the time to take it. It acts as a powerful tonic to the kidneys, forcing them to filter out the acids and poisons, overcoming Rheumatism, Bladder and Urinary troubles and the hundred and one other miserable afflictions resulting from sour, impure blood.

A well known local druggist states that never to his knowledge has there been any such valuable advice offered a community, and predicts this will prove shortly one of the healthiest places in the world. Men and women of all stations of life are making up the prescription and taking it, which can not but insure better health and less disease here shortly.

Show this to your yellow and sallow complexioned acquaintances, or those who never feel well and hearty. It's their bad blood, and they will thank you for this information.

OVER EARTH AND AIR

State Holds Dominion Says Justice Holmes.

Washington, May 14.—In an opinion by Justice Holmes, the supreme court of the United States today granted the injunction asked by the state of Georgia against the Tennessee Copper company and the Duck town Sulphur and Copper company restraining these companies from the operation of their smelters at Ducktown, Tenn. The smelters are near the Georgia line and they constitute a menace to health and the source of great injury to vegetation for a radius of fifty miles.

He holds the case is not on the same footing as if between private parties, but that "in its sovereign capacity the state has an interest independent of and behind the title of its citizens in all the earth and air within its dominion."

ARE YOU HALF SICK?

A Great Number of People Are, At This Season of the Year.

Weather conditions not alone affect business they affect the health of the average person. Take a long siege of inclement weather like we are having and you find a host of half sick people.

Spring days are the days of half sick people—people just sick enough to have little interest in anything but, not ill enough to go to bed. Such a condition calls for attention immediately, or serious results may follow. The liver, stomach, bowels, kidney or blood may not be performing their function properly, just a trifle in disorder, and once corrected you are yourself again.

Osteopathy goes right to the seat of any disorders of this nature, and cures them.

Osteopathy is the one natural treatment in all conditions of stomach, liver, bowel, kidney, skin and blood disorders. Without the use of any medicines with proper diet, with the dry hot air treatment, where indicated the osteopathic treatment is an assured and permanent cure.

I should like to talk to you at any time about the treatment for yourself, or any member of your family, and the best testimonials I can offer you of the treatment are the commendations of Paducah people whom you know well, who have taken the treatment.

Especially is Osteopathy a rational treatment of ailments peculiar to children.

Phone me at 1407, or call at my office, upstairs 514 Broadway, and I shall be pleased to consult with you.

BEING TAKEN IN BY POLICE FOR BLACKNALL BURGLARY.

Lot of Bedding Found in House of Eliza Craig—Five Are Now Under Arrest.

Mary Eliza Craig, colored, is the last person arrested on the charge of burglarizing the Blacknall saloon on Ninth street near Kentucky avenue. She was arrested yesterday afternoon and a lot of bedding taken from the upper floors of the saloon was recovered. The theft was committed two weeks ago and Robert McGee was first arrested. He "tipped off" the name of William Jefferson, and later Roy Dunlap and George Armstrong. Yesterday he implicated the Craig woman and the detectives and police are still working the pump handle, believing that many more are connected with the burglary. All the foregoing are under arrest.

DOCTORS MEET IN COUNCIL CHAMBER

(Concluded from First Page.)

that in no line of mental activity is there displayed greater intellectual effort and progress than in the medical profession in its work of ameliorating the condition of humanity."

Dr. Reynolds mentioned his first visit to Paducah to attend a medical convention the first Tuesday in April, 1873. At that time he said the program contained an unusual intellectual treat and the social features were of a notable character.

Committee reports were heard immediately following the opening.

The Session.

A letter was read from the doctors of San Francisco thanking southwestern Kentucky doctors for their sympathy and financial aid at the time of the earthquake. Dr. Frank Boyd outlined the program for the convention. The treasurer's report showed the society to be well off financially. Dr. Dudley S. Reynolds, Dr. A. P. Pings and Dr. Irvan Abell, of Louisville, were made honorary members of the society, as was Dr. D. B. Tyler, of Madisonville. At 12 o'clock adjournment was taken until 1:30 o'clock this afternoon. All the papers scheduled for this morning's session with the exception of the second on the program, were postponed until this afternoon.

This afternoon's session is occupied entirely with papers on medical and surgical subjects. Dr. Dudley S. Reynolds, of Louisville, will lecture on "Medical Education in Kentucky" followed by discussion by three local physicians.

features of the evening's program before the banquet at the Palmer House. Paducah alternates with the out-of-town districts in the selection of president, but it was the impression generally this morning that this right would be abrogated this year, to elect Dr. V. A. Stilley, at present secretary. Dr. Stilley has been an efficient officer and the presidency will go practically without opposition, to him. For secretary three local physicians are mentioned prominently. It is desired to retain the secretaryship in Paducah, which is the center of the society as well as of the territory. Drs. Vernon Blythe, C. B. Purcell and L. Lyne Smith are in the race.

Those Present.

Those present this morning were: Drs. F. G. LaRue, A. O. Pings, Irvan Abell, D. S. Reynolds, D. B. Tyler, J. A. Jones, J. S. Troutman, E. B. Shelton, E. B. McMorris, G. F. Beeler, J. M. Peck, W. S. O. R. C. Convention Notes.
Memphis, May 14.—Already the delegates of the Order of Railway Conductors, on the ground are beginning to talk of the claims of various cities for the meeting of the grand division two years hence. Three cities are already in the race for the latter honor, Boston, Cincinnati and Goldfield N.Y. George W. Hantley of Division 26, Toledo, O., is being pushed by his friends as a candidate for grand chief conductor in opposition to Grand Chief Garretson who is a candidate for re-election.

EXPRESS COMPANIES WIN

Suit Involving the Alleged Traffic in Whisky.

Washington, May 14.—The supreme court of the United States today reversed the decision of the court of appeals of the state of Kentucky in the cases of the Adams Express company vs. the commonwealth of Kentucky, involving the alleged traffic in whisky through the instrumentality of the express companies, which was favorable to the companies. There were two of the cases, both charging that the express companies were using the privileges of interstate carriers to ship liquor into the state and sell it, contrary to state law. They originated in the counties of Knox and Laurel, both of which are protected from the liquor traffic by a state prohibition law.

CUBAN AFFAIRS BETTER UNDER AMERICAN RULE.

Washington, May 14.—Official information from Governor Magoon, of Cuba, has decided the state on the improvements for the island, and is peculiarly interesting. Under American administration of Cuba's affairs the income of the island has exceeded the expenditures by about half a million dollars a month, and now has about 16 millions in the treasury.

PEOPLE AND SOCIAL EVENTS

Wedding of Miss Paxton and Mr. Puryear This Morning.

The marriage of Miss Nell Paxton and Mr. Peter Puryear was quietly solemnized this morning at 10:30 o'clock at the parsonage of the St. Francis de Sales Catholic church. The Rev. Father H. W. Jansen performed the ceremony which was witnessed only by the relatives of the couple.

It was a pretty ceremonial characterized by quiet and simplicity. The only attendants were the two groomsmen: Mr. Edwin J. Paxton, brother of the bride, and Mr. Marshall Puryear, brother of the bridegroom. The bride wore an attractive and becoming traveling costume of brown velveteen, with hat, gloves and shoes to harmonize.
Mr. and Mrs. Puryear left at 11:20 for a bridal trip east. They will be at the Puryear home, 344 Jefferson street, on their return.

Wed at Mayfield.

Mr. Slim Darnell and Miss Minnie McAdams came to Mayfield from Paducah Saturday afternoon and were united in the holy bonds of wedlock Saturday evening at 10:30 o'clock at the home of the bride's sister, Mrs. R. H. Poore, on West Broadway. The Rev. C. A. Waterfield performing the ceremony. Miss McAdams is a charming young lady of the brunette type, and makes friends wherever she goes. Mr. Darnell is a popular young man and is worthy of the prize he has won. He is a valued employee of the J. S. Downs & company monumental works at Paducah. Mrs. Darnell is the youngest daughter of Mrs. Minnie McAdams, of Paducah, and Mr. Darnell's relatives reside at Jackson, Tenn. Mr. and Mrs. Darnell have a host of friends who wish them a long, happy and prosperous life. They will remain here until Tuesday morning with relatives, when they will return to Paducah to reside.—Mayfield Messenger.

LIST OF VICTIMS.

New Testimony Concerning Plot of James Hargis.

Lexington, May 14.—In the trial of Judge James Hargis for the murder of James Cockrill at Jackson, Breathitt county, John Smith, who spent most of Saturday afternoon telling of alleged Cox and Cockrill murder plots, resumed the stand, but gave few additional details. He was not shaken by the cross examination. John Smith swore that Judge Hargis and Ed Callahan enumerated men they wanted killed in Breathitt county, among them being Judge W. H. Blanton, Mose Feltner and John Abner. This is entirely new testimony and caused a stir in the court room.

PEOPLE IN PANIC.

Rome, May 14.—Earthquake shocks felt in the neighborhood of Mount Etna have caused a panic among the people living near the volcano. Dispatches from Catania, Sicily, say since midday yesterday continued shocks have been felt. The greatest fear is that one of the worst eruptions is about to occur. The exodus of panic stricken residents was greatly increased today.

Dick Calls Off Harmony Senet.

Akron, O., May 14.—Senator Charles Dick issued a statement rescinding the call for a meeting of the Republican state central committee at Columbus Wednesday together with all Republican congressmen from this state Republican county chairmen and other leaders. Dandelion

A Simple Remedy For Liver Trouble and Biliousness.
Guaranteed under the Pure Food and Drug Act, June 30, 1905. Serial Number 3517.

The liver is a wonderful organ, always at work filtering, purifying and manufacturing ingredients necessary to life. It is the central laboratory of the body. It plays the part of a natural poison antidote. The poison contained in the decomposing food and waste of the body are arrested by it and rendered harmless. The liver is the seat of manufacture of bile, a fluid that keeps sweet the intestine and aids to digest food. Healthy bile is an antiseptic and when deficient or absent the contents of the bowels become putrid and full of poisonous matter. You can always keep your liver in a healthy condition by using Dr. Edwards' Compound Dandelion Tablets or Pills. They act directly upon the liver and produce a healthy flow of bile.

UNION MEN

HOLD OPEN MEETING TO EXPLAIN THEIR STRIKE.

Number of Speeches Made To Large Audience in Central Labor Union Hall.

A well attended meeting was held last night at Central Labor Union hall where the union painters and carpenters placed themselves squarely before the public and explained

their position. Speeches were made by Mr. J. W. Adams, International representative of the United Brotherhood of Carpenters and Joiners of America; Joseph Desberger, a merchant; Eugene Graves, County Attorney; Alben Barkley and Mr. George Wilson Walters, a prominent union man manager of The Sun job rooms. The hall was crowded and every class of residents was represented. The speeches were excellent and the union men succeeded admirably in explaining their demands, and were supported by all the speakers.

S.S.S. CURES CHRONIC ULCERS

Chronic Ulcers are the result of a deeply polluted and foul blood supply. The blood is filled with impurities and germs which are being constantly fed into the place through the circulation, until all the surrounding flesh becomes diseased and the sore an obstinate and permanent trouble. Every symptom of an old ulcer suggests pollution; the discharge, the red, angry looking flesh, the inflammation and discoloration of surrounding parts, all show that the ulcer is prevented from healing by the constant drainage through it of impurities from the blood. This impure condition of the blood may be hereditary, or it may be the remains of some constitutional disease, or the effects of a long spell of sickness, leaving disease germs in the system, or the absorption of the refuse of the body which has not been properly expelled through the natural channels. But whatever the cause, the blood is so weakened and polluted that it does not properly nourish and stimulate the place, and the sore cannot heal. Salves, plasters, lotions, etc., keep the sore or ulcer clean, relieve pain, and perhaps reduce inflammation, but can never permanently heal them because they do not reach the blood. S. S. S. goes down to the very fountain-head of the trouble, drives out all poisons and germs, builds up the weak, sluggish blood, gives energy and strength to the system, and by sending a fresh, healthy stream of blood to the diseased parts, allows the ulcer to heal naturally and permanently. Nothing reaches inherited taints like S. S. S. It cleanses the circulation of every trace of hereditary disease or impurity, and those who have nursed and treated an old sore for years will experience good results as soon as the system becomes influenced by S. S. S. Book on Sores and Ulcers and medical advice free to all who write.

RIVER NEWS

River Stages.		
Cairo	37.5	0.3 fall
Chattanooga	8.9	1.1 fall
Cincinnati	27.4	0.9 fall
Evansville	26.6	1.0 rise
Florence	10.0	2.0 fall
Johnsboro—Missing.		
Louisville	9.7	0.4 fall
Mt. Carmel	5.6	0.2 fall
Nashville	24.8	2.9 fall
Pittsburg	3.4	1.1 fall
St. Louis	16.8	0.8 fall
Mt. Vernon	25.0	1.0 rise
Paducah	29.9	0.3 rise

Up one day and down the next is the policy of the river this month. After a fall for Saturday and Sunday the river rose .3 in the last 24 hours here. The stage May 14 last year was 13.9. Business at the river is good.

When the Chattanooga comes off the ways the last of this week, it will be like a new hat. The whole boat will be painted, a new carpet is being put down in the cabin today and other repairs will be made.

Aboard the Dick Fowler on the trip to Cairo this morning was a band, the first real indication that summer has come. It will play on the boat all summer and doubtless will increase the passenger business like it did last year. Passengers bound for Cairo, who are leisurely, take the river trip from its novelty and enjoyable features. Also aboard the Dick Fowler this morning was the machinery of the Paducah Sundry company being shipped to the Cairo purchasers.

The excursion steamer Louisiana will run an excursion out of this city next Friday night to Metropolis. The Louisiana is in fine shape and the excursion steamer is determined to make this a good summer for their business despite the elements. One week from next Sunday the Louisiana will run an excursion from Paducah to Cairo. In the meantime excursions will be run out of Cairo and Cape Girardeau. New smokestacks are being built for the Louisiana here.

Major Charles S. Riche, government engineer in charge of the Illinois river and the upper Mississippi river, passed through the city. He came up from Chattanooga on the steamer Chattanooga. The Chattanooga men would like to have him aboard every trip, as the bridge tenders on the last trip of the boat, had every bridge open on the minute.

The Harth went to the Caseyville mines last night with a tow of empties to bring back coal for the West Kentucky Coal company.

The J. B. Finley with 40 loaded coal barges passed down at 8 o'clock this morning from Pittsburg for Mississippi river points.

The Clyde arrived at noon Monday from the Tennessee river and will return to that stream Wednesday evening.

The Buttorf will arrive late tonight from Clarksville and leave on Wednesday at noon for Nashville.

The John S. Hopkins arrived this morning from Evansville with a big trip and returned to that city after unloading.

Official Forecasts.

The Ohio at Evansville and Mt. Vernon will continue rising during the next 24 to 36 hours. At Paducah not much change, or will rise slowly 24 hours. At Cairo, will fall slowly during the next 24 hours.

The Tennessee from Florence to the mouth and the Mississippi from below St. Louis to Cairo will fall during the next 24 to 36 hours.

The Wabash at Mt. Carmel will remain about stationary or fall slowly during the next 24 hours.

SHORT TALKS BY L. T. COOPER

THAT TIRED FEELING.

"That tired feeling" is a sure sign that the system needs regulating. A dull, droopy man or woman needs something to get the blood jumping once more. The whole body is clogged with impurities, but the seat of the trouble is the stomach. It has been gradually letting down, on half doing its work, and the result is that the kidneys, liver and bowels absorb the undigested food and then the blood becomes muddy and sluggish. From one to three bottles of Cooper's New Discovery will get the stomach back in shape. The tired feeling will surely disappear if this is done.

This letter tells what a woman thinks who tried it: "I suffered from loss of appetite, poor digestion and general breaking down. I was so weak I could scarcely get about. I felt tired and worn out nearly all the time. Upon hearing of the great things Cooper's New Discovery was doing for others afflicted as I was, I began to use it. By the time the first bottle was gone my condition was immensely improved. I now feel strong again and do my own work with ease. Please accept my sincere thanks." Mrs. M. Wise, 1217 Norwood St., Indianapolis, Ind. The Cooper preparations enjoy a larger sale than any other medicine. That seems to prove their efficiency. W. B. McPHERSON, Druggist.

PRESBYTERIANS

PREPARING FOR GENERAL ASSEMBLY AT COLUMBUS.

Number of Candidates for Presiding Officer—Something About the Reunited Organization.

Columbus, O., May 14.—Three clergymen are mentioned for the office of moderator of the general assembly of the Presbyterian church, which meets in Columbus for ten days, beginning Thursday. They are the Rev. Dr. E. H. Roberts, of Philadelphia, the stated clerk of the assembly; the Rev. Dr. Frank E. Marsten, of New York, formerly of Columbus; and the Rev. Dr. F. F. Scovel, former president of Wooster college, this state. The latter is said to be the candidate of the conservative element within the denomination. He himself is not a candidate, but his friends are pushing his name. The Rev. Dr. Roberts has been stated clerk of the assembly for many years, and by a large number is regarded as the logical candidate for moderator at this time.

For the Cumberland. The suggestion has been made, however, that it would be a nice tribute and an expression of the harmony which exists since the return of the Cumberland Presbyterians to the fold if a representative of the latter were given the highest office within the gift of the denomination. The coming meeting of the assembly is the first since the reunion was agreed upon.

Just now there seems to be a spirit of co-operation and friendliness manifested, somewhat in contrast with that which has prevailed in the past, with the result that the Presbyterians have been divided. The Cumberland branch already has rejoined the main denomination and now it is believed that an amalgamation with the United Presbyterians soon will be effected. Overtures are under way, and something definite may be accomplished at the coming meeting here.

Cause of Dissension Removed.

The United Presbyterians split from the main body because they did not believe in the use of musical instruments in the church. Since then they have adopted the new and modern musical features of worship, and now there is said to be little difference of opinion between them. Should the assemblies of both branches of the church act favorably upon the proposal to unite some time would elapse before the union could be finally consummated because of the schools and colleges and other properties, some of which would be closed.

The Peters Lee will leave Memphis today for Cincinnati.

PADUCAH BOY

WINS HONORS AT COLLEGE AFTER HIGH SCHOOL HONORS.

Will Represent Engineering Department of State College at Commencement.

Another Paducah boy has won honors at college. Mr. Robert L. Acker, by virtue of his percents, averaging highest, will represent the civil engineering department at the commencement of Kentucky State college at Lexington. An oration will be delivered by Mr. Acker June 6, commencement day. Mr. Acker is an unusually bright boy, and was valedictorian of the class of '03 of the Paducah High school. He is a brother of Miss Annabel Acker, the valedictorian of this year's class at the High school.

J. M. DUNLAP HURT.

Thrown From Buggy and His Arm Fractured.

Contractor J. M. Dunlap, formerly of the firm of Davis & Dunlap, sustained a fracture of his upper right arm, yesterday afternoon in a runaway on Jefferson street between Fourteenth and Fifteenth streets. James Maret, son of J. C. Maret, was driving, and before Mr. Dunlap could grasp the lines, the frightened animal cramped the buggy and threw him out.

His scalp is badly cut and his left knee hurt. He was able last night to start for Cape Girardeau, Mo., where he has several contracts. Young Maret remained in the buggy and succeeded in quieting the horse.

Mercy a Fable.

A frog and a cow stood together by the side of a mill pond. "Do you think," asked the frog, "that by expanding the air in my system I could attain your dimensions?" The cow chewed her cud reflectively. "It's a hypothetical question," she replied.

"Well, you'll admit that hot air expands indefinitely! You also know that the epidermis will stretch a mile before it will tear an inch! Now if I take a large mouthful of air, and hold my breath, won't the heat of my body expand the air and stretch my cuticle until I am as large as you?"

"I can't say," replied the cow. "Frame it differently."

The frog drew in a large breath and closed his mouth. Slowly his body bulged out. A passing flea buzzed an objection. With a loud report the frog exploded.

Moral: Even the smallest brain is subject to storm. —Puck.

"THE OLD SCRATCH."

How the Evil One Came to be Popular. One of the many familiar names of his satanic majesty is "The Old Scratch." It is undoubtedly due to the fact that scratching is so disagreeable that people thought it no worse than the evil one. A scalp full of dandruff keeps one scratching all the time; not only disagreeable, but considered very inelegant in polite society—as it should be—because one ought to keep the scalp so clean that it would not itch. To cure the scalp of dandruff effectively use Newbro's Herpicide. It kills the germ that creates the dandruff, which is preliminary to falling hair, and, finally, baldness. No other hair preparation kills the dandruff germ. Herpicide also is a very delightful and effective hair-dressing. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. W. B. McPHERSON, Special Agent.

A MAKER OF HISTORY

By E. PHILLIPS OPPENHEIM.

Author of "The Master Mummer," "A Prince of Sinners," "Mysterious Mr. Sablin," "Anna the Adventuress," Etc.

Copyright, 1905, 1906, by LITTLE, BROWN, and COMPANY.

(Continued from Yesterday.)

"I am indeed sorry to hear this," he said. "There can be no possibility of any mistake then?"

"None whatever!" the marquise declared.

"You will permit me to see her?" Duncombe begged. "If I am not a very old friend, I am at least an intimate one."

The marquise shook her head. "She is not in a fit state to see any one," she declared. "The visit to the morgue has upset her almost as much as the affair itself. You must have patience, monsieur. In a fortnight or three weeks at the earliest she may be disposed to see friends. Certainly not at present."

"I may send her a message?" Duncombe asked.

The marquise nodded.

"Yes."

"And I may wait for an answer?"

"Yes. You can write it if you like."

Duncombe scribbled a few lines on the back of a visiting card. The marquise took it from him and rose.

"It will return," she said. "You shall be entirely satisfied."

She left him alone for nearly ten minutes. She had scarcely left the room when another visitor entered. The vicomte de Bergillac, in a dark brown suit and an apple green tie, bowed to Duncombe and carefully selected the most comfortable chair in his vicinity.

"So you took my advice, monsieur," he remarked, helping himself to a cushion from another chair and placing it behind his head.

"I admit it," Duncombe answered.

"On the whole, I believe that it was very good advice."

"Would you," the vicomte murmured, "like another dose?"

"I trust," Duncombe said, "that there is no necessity."

The vicomte reflected.

"Why are you here?" he asked.

"To see Miss Poynton."

"And again why?"

Duncombe smiled. The boy's manner was so devoid of impertinence that he found it impossible to resent his questions.

"Well," he said, "I came hoping to bring Miss Poynton some good news, I had information which led me seriously to doubt whether the body which has been found in the Seine is really her brother's."

The vicomte sat up as though he had been shot.

"My friend," he said slowly, "I take some interest in you, but, upon my word, I begin to believe that you will end your days in the morgue yourself. As you value your life, don't tell any one else what you have just told me. I trust that I am the first."

"I have told the marquise," Duncombe answered, "and she has gone to find out whether Miss Poynton will see me."

The vicomte's patent boot tapped the floor slowly.

"You have told the marquise," he repeated thoughtfully. "Stop! I must think."

There was a short silence, then the vicomte looked up.

"Very well," he said. "Now listen. Have you any confidence in me?"

"Undoubtedly," Duncombe answered.

"The advice you gave me before was, I know, good. It was confirmed a few hours following, and, as you know, I followed it."

"Then listen," the vicomte said. "The affair Poynton is in excellent hands. The young lady will come to no harm. You are here, I know, because you are her friend. You can help her if you will."

"How?" Duncombe asked.

"By leaving Paris today."

"Your advice," Duncombe said grimly, "seems to lack variety."

The vicomte shrugged his shoulders.

"The other affair," he said, "is still open. If I stepped to the telephone here, you would be arrested within the hour."

"Can't you leave the riddles out and talk so that an ordinary man can understand you for a few minutes?" Duncombe begged.

"It is exactly what remains impossible," the vicomte answered smoothly. "But you know the old saying—you have doubtless something similar in your own country—it is from our friends we suffer most. Your presence here, your forgiveness me—some what clumsy attempts to solve this 'affaire Poynton,' are likely to be a case of embarrassment to the young lady herself and to others. Apart from that, it will certainly cost you your life."

"Without some shadow of an explanation," Duncombe said calmly, "I remain where I am in case I can be of assistance to Miss Poynton."

The young man shrugged his shoulders and, sauntering to a mirror, rearranged his tie. Mme. le Marquise entered.

"You, Henri!" she exclaimed.

He bowed low, with exaggerated grace, and kissed the tips of her fingers.

"If," he answered, "and for this time with a perfectly legitimate reason for my coming—a commission from my uncle."

"L'affaire Poynton?"

"Exactly, dear cousin."

"But why," she asked, "did they not show you into my room?"

"I learnt that my friend Sir George Duncombe was here, and I desired to see him," he rejoined.

She shrugged her delectable shoulders.

"You will wait," she directed. Then she turned to Duncombe and handed him a sealed envelope.

"If you please," she said, "will you read that—now?"

He tore it open and read the few hasty lines. Then he looked up and met the marquise's expectant gaze.

"Madame," he said slowly, "does this come from Miss Poynton of her own free will?"

She laughed insolently.

"Monsieur," she said, "my guests are subject to no coercion in a house."

He bowed, and turned toward the door.

"Your answer, monsieur?" she called out.

"There is no answer," he replied.

One of the party remarked; "he never writes on his little pad more than enough to convey his meaning."

"It happened he was a good poker player, and one night won a watch and chain from a young man of the town. The young man's father, a very pompous individual, heard of it, and, meeting the successful gamester on the street next day, stopped him. The deaf and dumb man produced his little pad. On it the father wrote: 'I understand you won Bob's gold watch the other night!'"

He handed it to the deaf and dumb man, expecting him to change countenance and offer to give up his spoils. However, instead, he took the pad, wrote two words carefully on it, and returned it. The pompous father read inscribed thereon:

"And chain."

"That ended the affair."

OCEAN SHIPPING

MAY BE SERIOUSLY HAMPERED BY LONGSHOREMEN STRIKE.

All Freight Possible Is Being Diverted From New York As Railroad Feet It.

New York, May 13.—With half a dozen big ocean passenger steamers scheduled to sail today and twenty-eight others due to arrive today and tomorrow the crisis in the situation growing out of the strike of longshoremen appears to be at hand. That the conditions are extremely serious can not be denied.

Some of the steamers sailing to day went out with part of their incoming cargo still in their holds; others carried great quantities of coal to weigh them down to the sailing line and still others had nothing more than water ballast.

All the steamers have full cabins, as the spring tourist season now is at its height.

The strikers present an undaunted front and rely as a last resort upon sympathetic strikes by unions affiliated with theirs.

Ocean Freight Is Blocked.
Meantime the ocean freight carrying business is demoralized and the monetary losses are becoming enormous. Railroads are beginning to refuse freight billed to this port and the big exporting houses are showing signs of decided uneasiness inasmuch as they stand liable to have to store and pay for freight refused by steamship companies.

The railroads also are in a predicament, as hundreds of tons of freight, especially of grain consigned to them for shipment from here, is traveling to New York and the congestion here is already so great that it is a question what shall be done with these incoming goods. European houses are flooding firms here with inquiries about expedited shipments.

So far it has been possible to do so freight has been diverted to such ports as Boston and Philadelphia during the last twenty-four hours. This has afforded little relief, however, as thousands of cars of freight are on their way to this city from the west.

HATCH PLOT IN LAND OFFICE
Three Women Clerks Use File Cases As Incubator.

Washington, D. C., May 14.—Hatching chickens in the file cases in one of the rooms of the general land office by the use of heat from a fue leading from the boilers that produce the electric power for the building is a new industry in which three women clerks have been engaged with great interest recently.

One of the women converted a file box into an incubator by substituting for it a box stuffed with cotton and containing three eggs.

She ascertained that the average temperature was 93 degrees, just right, according to the books. But one night the fue got too hot and the eggs were cooked.

Voice the Index of the Mind.

Cultivate a mild, gentle, and sympathetic voice.

And the way to secure a mild, gentle, and sympathetic voice is to be mild, gentle and sympathetic.

The voice is the index of the soul.

Children do not pay much attention to your words—they judge of your intents by your voice.

Your voice reassures. "My sheep know my voice."

We judge one another more by voice than language, for voice colors speech, and if your voice does not corroborate your words, doubt will follow.

We are won or repelled by a voice. Your dog does not obey your words; he does, however, read your intents in your voice.

The best way to cultivate a voice is not to think about it.

Actions become regal only when they are unconscious; and the voice, that convinces, that holds us captive, that leads and lures us on, is used by its owner unconsciously.

Fix your mind on the thought, and the voice will follow. If you fear you will not be understood, you are losing the thought—it is slipping away from you—and you are thinking of the voice. Then your voice rises to a screech, subsides into a purr, or bellow like the vagrant winds. Anxiety and intent are shown, and your case is lost.

If you fear you will not be understood, you probably will not. If the voice is allowed to come naturally, easily, gently, it will take on every tint and emotion of the mind.

And so, to get back to the place of beginning, the advice is this: The best way to cultivate the voice is not to cultivate it. The voice is the sounding-board of the soul. God made it right. If your soul is filled with truth, your voice will vibrate with love, echo with sympathy and fill your hearers with the desire to do, to be, and to become.

Your desire will be theirs.

By their voices ye shall know them.

Peace—be still! feel that, and then say it, and your voice shall be a word of command that even the elements will obey.

BURTON TELLS ABOUT HOLD-UP

Thinks the Proposed Improve-
ments Injudicious

Chairman of Rivers and Harbors
Committee Wishes Survey of
Deep Channel.

WHO PAYS FOR WATER POWER

St. Louis, May 14.—Congressman Burton, of Ohio, chairman of the National Inland Waterways commission, who arrived to accompany other members of the commission on an inspection trip down the Mississippi river, delivered a speech last night on the river and harbor policy. He said there were several reasons why the last congress did not adopt the plans for the improvement of inland waterways.

Enumerating these he said: "While it was in contemplation to provide a waterway 14 feet in depth from Chicago to the gulf, only that portion between St. Louis and Chicago had been surveyed and it would be injudicious to proceed with construction of part without a knowledge of the cost and the probable utility of the remaining portion between St. Louis and the gulf."

Points Out Big Water Power. "Another fact as stated by the governor of Illinois in his message, is that the construction of this waterway would develop water power worth \$3,000,000 a year and would aid in the drainage or reclamation of 300,000 acres of land."

Burton said the government engineer had reported that whoever enjoyed this water power could afford to build that section between St. Louis and Chicago.

Congressman Burton in his speech dealt with the needs and methods of improving internal waterways.

Won't Recommend Appropriations. "I want to correct the impression that this commission has any intention of or discretion to recommend appropriations for particular localities or stretches of water," said Mr. Burton.

"The scope of President Roosevelt's instructions include practical investigation of the purity of the water of our rivers, their possibilities as a means of motive power, their value in the work of irrigation and

the construction of protective works along their banks. "President Roosevelt has asked that if possible we report to him before the next congress. I don't know whether we shall be able to do that. While aboard the steamer Mississippi we shall continue our sessions. We shall travel only during the day and shall have plenty of opportunity to study the physical needs of the river."

Practicability a Question. Peoria, May 14.—Speaker Cannon spent today in Peoria. He was entertained last night at a dinner at the Country club and in the course of a few informal remarks said the future of deep waterway depends upon the practicability of work on the Mississippi river below St. Louis.

CUTTING OFF AIR OF FREIGHT TRAINS

Makes it Impossible For En-
gineers to Stop

Special Agent Goes To Calvert City
To Investigate These Acts of
Vandalism.

THREE LIVES WERE IN DANGER

Train wreckers or mischievous boys have caused the Illinois Central much trouble recently at Calvert City and Special Agent Patillo Kirk went up this morning to investigate. The officials of the road are inclined to accept the latter theory, and will take steps to prosecute anyone caught tampering with trains in any way. For several days some one has been "cutting out" the air on freight trains south bound into Paducah. From Calvert City to Paducah is but a few miles but far enough for trains to attain great speed. In rounding the curve coming into the Union station, engineers have found their air insufficient to stop trains. Investigations showed the air to have been "cut out" which made it impossible to apply the brakes on anything but the engine. Trains running into the city beyond control are liable to strike and wreck cars in the depot tracks.

Warned Just in Time.

A warning cry from a colored switchman saved three Illinois Central car repairers from probable death yesterday afternoon when a switch engine pushed a box car into the track No. 4 in the freight car repairing shops. The accident was unavoidable and little damage was done except the loss of time in resetting a car which was knocked down. It was under this car that the repairers were stationed when the crash came, "Janie", the small yard switch engine, was pushing a long string of "bad order" cars into the siding. The engineer was around a curve and failed to get the switchman's signal soon enough to apply air. The foremost box car crashed into the freight shop, tracks, and when the accident was seen to be inevitable the switchman cried out a warning. Gang Foreman Samuel Bingham and Carmen C. G. Babb and William Saddlewhite were under the car. They made a hasty dive and escaped just as the car under which they had been came down from its supports.

ALVEY & LIST'S DRUG STORE ON FIRE.

With Enthusiasm Over the Great
Root Juice Remedy.

The many cures now being made in Paducah has caused a flame of conviction to sweep over many sick homes and many people are now going to the drug store to get some of the great medicine. The instructors are there from 9 a. m. to 12 m. and from 2 to 5 p. m. The necessity of proving has ceased, as most of the people are convinced and are buying Root Juice because they can see the great good it is doing for some neighbor. The names of the people who are rapidly recovering health are too numerous to publish and out of town people from different directions are now calling for the remedy. Those who suffer with stomach, liver, kidney and blood troubles should in duty to themselves try the great remedy before the Root Juice instructors leave. They will be in Paducah but a few more days. The scientist who spent years of time and many thousands of dollars experimenting with the compound, is certainly being rewarded, for no remedy for human ailments has been discovered equal to Root Juice for healing and toning the digestive and secretory organs. He said: "Rheumatism, catarrh, all forms of stomach and bowel troubles and most troubles common to women would be cured if a combination could be discovered that would cause the stomach, liver and kidneys to work in healthy union, and after working on that line for years he has proved his theory to be correct." The instructors are now at Alvey & List's and will remain until 9 o'clock next Saturday night.

States district attorney, on behalf of the United States filed suits at Louisville against the Illinois Central Railroad company, the Louisville & Nashville Railroad company and the Louisville, Henderson & St. Louis Railway company, charging them with specific violations of the act of congress of March 2, 1895, known as the Safety Appliance Act. The suits are filed at the suggestion of the attorney general and the interstate commerce commission. The complaint against the Illinois Central charges but one violation, in which a fine of \$100 is demanded. This charges the company with using a car in Kentucky for interstate commerce in which the "A" end of the car was without a coupling and uncoupling lever.

Railroad Gossip.

Thomas J. Danaher, the well known Illinois Central engine foreman, went to Princeton this morning to confer with Claim Agent John C. Gates. He was recently caught between a box car and the freight depot platform and crushed.

Tramp Breaks Swimming Record in Tank in Tender of Fast Engine

Alton, Ill., May 14.—He was only a tramp, but without any flare of trumpets he has broken the world's long distance swimming record—in point of speed. He was too modest to give his name, but reliable witnesses have testified to his achievement in swimming twenty-seven miles in a fraction under thirty minutes. He left St. Louis after 9 o'clock this morning and reached Alton before 10.

The champion did not set out to break any records or even take exercise of any kind. It was an accident that he did, and the story of how it happened is told by the locomotive engineer of the Chicago & Alton's limited, who was an eye witness to the finish.

Story of His Feat.

Just as the train left St. Louis the tramp climbed on the rear of the engine tender and ensconced himself in what he considered a safe seat. It wasn't. He was too close to the manhole in the water tank, and as he leaned too far back he plunged through into the wet.

The train was going some—the Alton limited is a fast one—and his cries for help were unheard.

Tossed about by the swirling water, churned into a sea, so he said, by the lurching of the flyer, the tramp fast was losing his strength in the unequalled battle. He thought of home and loved ones and had about given up hope of ever seeing them when he felt the storm subsiding. He waited. Yes, it was true, the train was stopping.

He raised his voice to the highest possible pitch and cried for help.

Rescue Party at Work.

The engineer thought he heard a weak call and, calling his fireman and a policeman at the station, they searched. No mangled, almost lifeless form was found under the engine, so they went back to the tender.

Again the cry of distress was heard

This time they located it, and peering into the water tank, they saw the tramp, beebie but still swimming. He was dragged out, almost exhausted, and revived.

David's Weapon Scores Again. Henderson, Ky., May 14.—Tom Horn, a prominent young farmer, was killed Saturday night by James Campbell with a "slingshot" on the floor of a dance room at the residence of T. J. Hagan, who resides near Pike's landing, Henderson county. Horn was floor manager and the difficulty came up over the payment of Campbell's portion of the expense. Campbell claims that Horn struck him first with a pair of brass knuckles.

PADUCAH DISTRICT.

REPORT OF PRESIDING ELDER CONCERNING WORK.

Second Round of Quarterly Visitation
Completed by the Rev.
J. W. Blackard.

The Rev. J. W. Blackard, presiding elder of the Paducah district, reached home last night from Barlow at which point he completed the second round of quarterly visitations to the charges. This second quarter has been a very successful one. Reports on finances show a decided advance over last year's report. One new church has been dedicated at Burnett's chapel, Sedalia circuit. Two others are to be dedicated soon. The new church at Guthrie avenue, Paducah, May 28, and the church at Melber some weeks later.

Two new parsonages have been built this quarter and the respective pastors comfortably housed in them, one at La Center, the other at Lone Oak.

At Wickliffe the plans have been drawn and nearly enough subscription secured to build a new brick church to cost \$6,000. Mrs. R. B. Wilford, who was recently appointed district secretary of the Woman's Home Mission society for the Paducah district is taking vigorously hold circuit at Corinth, 6, 7; Bardwell, 7, of her work. She has organized two new societies, one at Woodville and one at Hinkleville. Several other points are waiting for her coming to organize. She and Dr. Blackard 22; District conference at Clinton, have determined to put the Paducah

White Mountain Refrigerators

"The Chest With the Chill In It."

\$9.00 to \$60.00

We take pleasure in announcing that our magnificent line of **White Mountain Refrigerators** is now on display and your most critical inspection is invited. We want you to compare them, too, with any other refrigerators made, for we have so often seen comparison turned into enthusiastic approval that we have faith in the result. Just examine its spotless white solid stone lining, its glistening steel wire shelves, see how open, sanitary and easy to clean it is, note its perfect construction and beauty of outline.

There is nothing so complicated about its ventilation that you have to read a big book to find out about it; we can explain it all in five minutes; won't you give us the opportunity?

It is vastly superior and much cheaper than other "white" boxes, as low as \$9 to as high as \$60. Slate, white enamel or galvanized lining.

Goulds Will Be Divorced.

New York, May 14.—Mrs. Howard Gould, formerly Katherine Clemmons the actress, is about to sue her husband for a limited divorce. It was learned on good authority today that the papers in the suit have been drawn and will be filed early this week. In them Mr. Gould is accused of desertion, non-support and cruelty, according to friends of Mrs. Gould, who have seen the papers.

FIRST CLASS RESIDENCE PROPERTY IN DEMAND

WE have clients waiting to be supplied with high class residence property and building sites corresponding to their requirements as to size, location and price. They are willing to pay what the property is worth if pleased with what you offer. Our clients are largely of the people who buy the better class of real estate and we are never without a list of ready buyers. As a common sense proposition your high class real estate should be in the hands of the agent who makes a specialty of handling just this kind of property. A large and rapidly growing clientage demands that we add constantly to our list of high grade real estate. We need to have your property listed at our office to meet the demands of waiting clients. Don't delay till tomorrow. Don't lose the sale. Act quick. Telephone Hollins—No. 127.

JAUNTY SUITS FOR YOUNG FELLOWS

No one in the entire business world today realizes more fully the importance of having the approval of young fellows than the clothing merchant. The young man is better informed as to clothes values and more discriminating than any other class. That is the reason so much care is given to the selection of our young men's styles and that same care is the reason for our unassailable position in the favor of Paducah's young men. Our stock this season quite surpasses any previous effort, so we are doubly anxious for you to see it in its present completeness. Come in tomorrow and try on a few of the new grays, blue serges and other nobby things. You won't be urged to buy until you say the word.
